GERMANS ATTACK-
ED BY BOXERS

Two Thousand Rioters Fire Up on Two Battalions of Emperor William's Troops.

BOGUS EDICTS CIRCULATED

Cause Great Excitement of Natives—Great Ceremony For Von Ketteler's Funeral.

U. S. AND GERMANY AGREE

Pekin, Sept. 29.—The commanders of the international forces are arranging for the combined official reception of Field Marshal Count von Waldersee. A detachment of mixed cavalry will escort him from Tung Chow to this city. Members of the diplomatic corps here are still of the opinion that only Prince Ching and Li Hung Chang can be recognized as peace negotiators.

Taku, Oct. 1.—The danger of a deposed emperor's return to the throne has been ordered to meet his body on arrival here and the highest officials of the port will pay the highest honor to the dead. The imperial edict degrades from all ranks and offices Prince Tuan, Lan Yi, Kang Yi, Tung Fuh Shiang, and others concerned in the boxer movement.

Berlin, Oct. 4.—The foreign office issued the following note: "The emperor of China addressed the powers an edict, dated Sept. 29th, in which he orders the punishment of a number of princes and dignitaries, mentioned by name, for having encouraged the boxers. On the assumption that the edict is genuine, the German government in furtherance of the procedure proposed to the powers, to come to an agreement to instruct their diplomatic representatives in China to examine and give their opinion on the following points:

"1. Whether the list contained in the edict the persons to be punished is sufficiently correct?

"2. Whether the punishments proposed meet the case?

"3. In what way the powers can control in carrying out the penalties imposed?

Information received up to the present concerning the reception of this proposal by the powers justifies the belief of the general understanding that this matter may be looked for."

Washington, Oct. 4.—The United States government has taken a decisive step in the development of the Chinese situation in the note delivered to day by Secretary Hay to German Charge d'Affaires, Baron Speck von Sternberg. In the note favorable action by this government on Germany's latest suggestion concerning the punishment of the Chinese criminals is expressed and the announcement is made that the United States has already sent instructions to Minister Conger that he shall learn the names of the Chinese offenders to be punished; also whether the punishment to be administered is adequate to their offenses; finally, whether the punishments are actually administered. The American note is considered the most important in the establishment of complete unity between the United States and Germany.

Hong Kong, Oct. 4.—The whole delta land between Canton and West river is in a state of dangerous irritation in consequence of the circulation of bogus edicts telling of the defeat of the allies, and the machinations of secret societies. The rioters are plundering the villages, especially converts' houses. British and French gun boats are patrolling the water ways. This has had a salutary effect in preventing attacks on steamers.

Tien Tsin, Oct. 1.—British official reports announce that Shan Hai Kuan surrendered to a British war ship, September 29th. Three British regiments leave here October 2nd, to garrison Shan Hai Kuan and Chung Tien Si Tchieng, to take possession of the railroad. General Chaffee left here for Peking.

Washington, Oct. 4.—M. Thieaut, the French charge d'affaires, today presented Secretary Hay a proposition from his government relative to the settlement in China. The terms are withheld pending the consideration by the president, but it is added they provide that the further sale of firearms and munitions of war to China be forbidden. That the Chinese forgeries be raised and the punishment of the Chinese ring leaders proceed simultaneously with negotiations for a settlement.

Shanghai, Oct. 4.—The Dutch war ships "Gelderland" and "Holland" have suddenly been ordered to Saitow and Amoy respectively.

London, Oct. 4.—A dispatch from Shanghai under date of October 3rd, says the Chinese report 2,000 boxers attacked two battalions of Germans at Kao Ka Men, near Peking. The box-

THE PEACE CONGRESS.

Resolves That the Action of Missionaries in China is Intolerant.

Paris, Oct. 4.—The international congress of peace resolved that the action of missionaries in China was often intolerant; that their religious propaganda should not be backed up by diplomatic or military forces; that they should go into China at their own risk and peril; that Europe should abandon any religious protectorate over China; that forcible annexation of territory, especially that held sacred by the Chinese, should cease; that the powers should attempt to establish stable native government, capable of undertaking internal reforms and that an open door for the honest commerce of the world on equal terms is the only policy which gives any guarantee of the country's future peace and stability.

A NERVY MESSENGER.

He Shot And Killed A Bold Robber Holding Up A Train.

Council Bluffs, Ia., Oct. 3.—Two men held up the passenger train on the Burlington road three miles south of this city at midnight. Express Messenger Charles Baxter shot and killed one of the robbers and his body now lies in the morgue in this city. He was about six feet tall, powerfully built, apparently about forty-five years old, and had black hair and moustache.

Omaha, Neb., Oct. 4.—The only development this morning in the Kansas City train robbery is the identification of the dead robber as a man who worked a short time in the barber shop of Fritz Bernhard, of Council Bluffs. The sheriff's posse are in pursuit of his companion.

Chief of Police Donahue says the dead robber was not the poor man, barber, who formerly worked in Omaha. He gives the opinion from the appearance of the man, he was a railroad.

The British Elections.

London, Oct. 4.—The total number of returns of the election up to date is 300, as follows: Ministerialists 220; Liberals 54; nationalists 35.

TWENTY YEARS AGO.

October 4th, 1880.

Henry V. Harris had a new daughter.

The baby of Wm. Keese was quite sick.

Charles Liford would open a millinery department.

Illy Bros. had floated a Hancock and English flag to the breeze.

Eugene Reilly, the potato fiend on the plaza, was the horror of all boarding houses.

All was sunshine and happiness in the home of Serapio Romero since the arrival of his boy babe.

Charley Meyers, the scenic artist, was painting some creditable views of mountain scenery in this immediate vicinity.

Andy Boyd, the locomotive engineer, had gone down to Wallace, to take a run on the San Marcial end of the southern division.

A six-column weekly newspaper would soon be established at White Oaks, by Col. G. W. Pritchard, J. A. Tomlinson, F. A. Blake, A. M. Jones and J. H. Wise.

A party who could purchase a can of coal oil in this town after night had drawn her sable curtain and planned it with a star, was possessed of extraordinarily strong persuasive powers.

THE CLASH OF
ARMS IMMINENT

Thousands of Polish Miners are Marching on a Heavily Policed Mine.

TEN PER CENT RAISE NO AVOID

Mexican Indians and President Diaz Fall to Agree—Mark Twain on Alliance.

BRYAN ADDRESSES CLUBS

Shamokin, Pa., Oct. 4.—A Polish band started this afternoon in Mount Carmel to gather the strikers to march on the North Franklin colliery near Trevorton seven miles west of here. The crowd at 2:30 numbered 500 and by 6 o'clock, when the march begins it is thought the marchers will number several thousand. They are expected to reach Trevorton late tonight. The colliery is now the only one working for the Reading company. The mines are heavily guarded by coal and iron police and a clash is feared.

OF NO AVOID.

The Proffer of Ten Per Cent Raise is Abjectly Refused.

Seranton, Pa., Oct. 4.—In spite of every preparation made by the Delaware, Lackawanna and Western company to get at least one of its collieries into operation today, it was unable to do so. The strikers pay no attention to the proffer of ten per cent advance, which the company said applied only to men who return to work today.

An Arbitration Failure.

Hermosillo, Mex., Oct. 4.—Negotiations between the Yaqui Indian emissaries and President Diaz, for a settlement of hostilities between Yaquis and the Mexican government, failed, and the peace envoys arrived here on their way home from the City of Mexico. They report that President Diaz refused to consider their proposal for peace, as he feared it as granting too many concessions to the Indians. The fighting still continues, the government troops seeming to be making slow but steady advances into the Indian country.

Mark Twain Home Again.

New York, Oct. 4.—Mark Twain will leave London Saturday to make his home in the United States after nine years' residence in Europe, says a London dispatch to the "Herald." He returns, he says, feeling like a boy, rejuvenated in body and mind. He avers that nine years' contact with Englishmen and continental has assured him that an Anglo-American pact exists. "England," says he, is the best friend we have in Europe, and we are the only friend she has on earth."

DALY TO BE TREASURER.

The Montana Leader is Beaten by His Antagonist.

Indianapolis, Ind., Oct. 4.—Governor McMillin, of Tenn., presided at the morning session of the national association of democratic clubs. The report of the committee on permanent organization recommended that the following officers be elected, W. R. Hearst, president; Max F. Himsen, secretary; Marcus Daly, treasurer. It was also recommended that the executive committee of the association which now consists of seventeen members, be increased to forty-five, a member for each state. President Hearst did not arrive this morning; it is probable he may not come at all. The train bearing Bryan and Bourke Cochran is expected to arrive shortly after noon.

After an animated discussion, it was unanimously decided not to increase the membership. The remainder of

the report of the committee on permanent organization was adopted.

Brief addresses were made by Mrs. McDonald Vallish, of Washington, D. C.; Mrs. Maria E. Walker, of Chicago, president of the National Woman's Bryan League, and M. L. Lockwood, of Pennsylvania, president of the National Anti-Trust League. The speakers at the afternoon meeting were Adlai E. Stevenson and William J. Bryan. Bryan arrived at 3 o'clock and received a tremendous ovation. The subject of Stevenson's remarks was imperialism.

Indianapolis, Ind., Oct. 4.—Governor McMillin, of Tennessee, Lewis G. Stevenson, western representative of national association of democratic clubs, son of Adlai E. Stevenson, and Augustus Thomas, the play writer of New York, made addresses after which the committee on resolutions submitted their report. The resolutions commend the Kansas City platform and declare a democratic club should be organized in every precinct in the nation. They appeal to every democrat in the country to pledge himself to win one vote for the party, they declare that the evidence that the great corporations are endeavoring to control the votes of their employees is too plain to be denied, they condemn the present administration for its flagrant refusal to enforce the federal anti-trust statute. They announce the administration for "permitting the two republics of South Africa to be destroyed without a word of sympathy;" they condemn the failure to vigorously prosecute the men connected with the Cuban postal frauds; they urge that all American institutions are in danger, and proclaim sympathy with the coal miners in Pennsylvania in their stand against the anthracite coal trust, and hope they may secure such a speedy settlement as will afford them better wages, and assert the election of McKinley would mean perpetuation of war taxes, the entangling of alliances with the monarchies, Europe and colonial exploitations in remote parts of the world; compelling an increase in the national debt and enforced military service, and declare the election of Bryan will mean the salvation of the country. The resolutions were unanimously adopted. Hon. George B. McClellan, of New York, followed with an address denouncing imperialism.

NEW LAND MAPPED.

A Hitherto Unknown Stretch Has Been Explored.

Copenhagen, Oct. 4.—Lieutenant Andrup of the Greenland expedition, arrived here on board the "Antarctic." The members explored and mapped a hitherto unknown stretch of land extending from Cape Town, latitude 69 degrees, 28 minutes north, to Agassiz Land 67 degrees, 22 minutes north.

It Happened in a Drug Store.

"One day last winter a lady came to my drug store and asked for a brand of cough medicine that I did not have in stock," says Mr. C. R. Grandin, the popular druggist of Ontario, N. Y. "She was disappointed and wanted to know what cough preparation I could recommend. I said to her that I could freely recommend Chamberlain's Cough Remedy, and that she could take a bottle of the remedy and after giving it a fair trial if she did not find it worth the money to bring back the bottle and I would refund the price paid. In the course of a day or two the lady came back in company with a friend in need of a cough medicine and advised her to buy Chamberlain's Cough Remedy. I consider that a very good recommendation for the remedy." The remedy owes its great popularity and extensive sale in a large measure to the personal recommendations of people who have been cured by its use. It is for sale by K. D. Goodall, druggist.
